

FINANCE, OIL AND GAS

New York

NEW YORK, Feb. 27.—Specialties continued to feature the more extensive and diversified dealings on the Stock Exchange yesterday, prices in the main advancing under the obvious influence of pools. Among more or less related specialties several new high records were made.

Money rates relaxed to a marked degree, call loans ruling at 5% per cent, but were offered at 5 per cent in the closing hour, when the stock market was most active and at highest levels.

Trading was occasionally retained during the early and intermediate periods by developments in the labor market, further industrial dividend reductions and the uncertain status of local tractions in that same connection.

The market was at its flood in the last thirty minutes when United States Steel rose an extreme of 1% to 95%, its top quotation since the cut in the common dividend, other favorites also coming forward.

Pittsburgh

Demand for oil and gas stocks was the feature of the local stock market. Ohio Fuel Supply contributed 1,500 shares to the day's total and advanced to 44%, but reacted to 44% at the close. Lone Star Gas was the strongest issue, advancing 13 points to 200, double par, and closing at the top. Columbia Gas & Electric was 1% higher at 45%, and Pittsburgh Oil & Gas was steady and in fair demand at 9% to 9%. Oklahoma Gas and Manufacturers Light & Heat closed a fraction lower on fair volume of business.

American Window Glass, Machine common declined to 88%, but recovered to 84% at the close, and the preferred stock sold unchanged at 80. Westinghouse Electric continued in fair demand and closed 1% higher at 44%. In New York the stock was not quoted at the close. Brewing stocks were rather dull and nominally unchanged, but Independent Brewing 6s advanced point to 47 and Pittsburgh Brewing 6s were 1/2 higher at 64. National Fireproofing common was moderately active, but closed 1/2 lower at 7. Dealers in Liberty bonds were lighter within a narrow price movement.

Light wells are the best the eastern fields have to offer in the list of late completions. The number is small and all located in old territory. There is scarcely a district that is attracting any considerable attention. Operators interested in development work in Liberty district, Marshall county, W. Va., are watching for the result of the two wells drilling in the vicinity of the Cow Run sand producer on the Hieronimus farm.

In Union district, Ritchie county, the Pittsburgh and West Virginia Gas company drilled its test on the T. M. Giffin farm through the Big Injun sand, developing a gas pressure estimated at 1,000,000 cubic feet a day. In Clay district the Philadelphia company has a Maxon sand gasser at a second test on the J. M. Wilson farm. In Murphy district, Ruth, Strong & Co. have drilled No. 9 in the Alexander Dulaney farm into the salt sand and the hole filled up 800 feet with fluid.

In Lafayette district, Pleasants county, Albert Neeley has drilled a second test on the George W. Lamp farm through the Keener sand and it is dry. In the same district J. T. Locke & Co.'s test on the Z. T. Jones farm is a gasser in the same formation. In Union district P. Schiagel has completed No. 23 on the H. D. Riggs farm. It is a small gas well in the Cow Run sand.

In Union district, Tyler county, Holmes & Co. have completed in the Cow Run sand a test on the William Holmes farm. It is a light gasser in that formation. In the same district Schiagel & Fried have completed Nos. 39 and 40 on the James Wells farm. The first is dry in the Maxon sand, the last a four-barrel pumper in the same formation.

C. T. Smith & Co.'s test on the Charles King farm, located in Walker district, Wood county, is a very light pumper in the second Cow Run sand. In Grant district, Ritchie county, the Penn-Oil Oil company has now drilled its No. 6 on the Perry Deems farm through the Beret grit. It is a duster. In Booths Creek district, Taylor county, the Pennsylvania and West Virginia Gas company has drilled a test on the L. A. Jones farm through the fifth sand. It is a fair gasser in that formation.

There is a noticeable revival of experimental work in the lower south-west districts. On Browns creek, Jefferson district, Kanawha county, located 3,000 feet south of its test on the Benjamin Thomas farm, the Charleston-Dunbar Natural Gas company has started to drill a test on the L. L. Thompson farm. On Hurricane creek, Curry district, Putnam county, the same company is moving a drilling machine to a location on the T. H.

Did he have

Gastritis or

Consumption?

Doctors didn't know, anyway

Mr. Baker is well now.

Feels like he did long ago.

"One year ago in September I was taken down; couldn't eat, sleep or work. The doctors didn't know exactly what was the matter. Some said I had catarrh gastritis, some said consumption, and others, cancer. Anyway, I was given up to die.

"A friend persuaded me to try Milks Emulsion. In 2 or 3 weeks the soreness went out of my lungs, the aching pains vanished from between my shoulders, and I began to eat and sleep, and work a little. Also the miserable lonesome feeling began to tear loose, and that heavy weight in the left side of my stomach, that hung like a huge iron ball, disappeared.

"By the time I had taken six bottles, I could eat anything, sleep like an infant, and the old-time vim and nerve had come back. I felt like I did when I was sixteen."—Lynna Baker, Star Route, Berwynville, Ark.

The old rule is, get the stomach and bowels working right, and most ailments start to leave. Strength comes back, flesh is regained, and the whole system begins to fight disease. Milks Emulsion is guaranteed, so its costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day. It works like magic on coughs and colds.

This is the only "solid" emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions, your money will be promptly refunded. Price 50c and \$1.25 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold and guaranteed by W. R. Crane Drug Co.

Emaw farm. This location is about one mile north of the pool on Browns creek.

In Court House district, Lewis county, the Kayton Oil and Gas company has made the location and started a rig on the John Copley farm. In Smithfield district, Roane county, the Oil Purposes company is building a rig on the William Bays heirs' farm. In McClelland district, Doddridge county, the Carter Oil company has rig timbers at a location on the Freeman Underwood farm. In Murphy district, Ritchie county, the Gibson Oil company is drilling a test on the Clark Rexroad farm. In the same district R. G. Gillespie has a rig up for a test on the Thomas Overton farm. On Dutchman run, in the same district, the South Penn Oil company has started to drill Nos. 26 and 27 on the Sarah J. Lemon farm. In the same locality the Southern Oil company is drilling No. 4 on the M. L. Patterson farm.

In Liberty district, Marshall county, the Manufacturers Light and Heat company's Cow Run sand producer produced 212 barrels the 24 hours ended at 7 o'clock Tuesday morning.

ONE MADDEN BOY JAILED. Thomas and Albert Madden who were charged with storing whiskey at the corner of Diamond and Newton street had a hearing yesterday in Justice Conaway's office. Thomas was dismissed but Albert was fined \$300 with four months in jail added. Twenty-two pints were found in the building.

HOUNDS SNAPSHOTTED. Some good pictures were taken of the two hounds, Ed and Fritz belonging to Sheriff A. M. Glover yesterday. The hills were used as background and report says the pictures ought to be unusually good for advertising purposes.

ARRESTED ON CHECK CHARGE. Harry Preston, charged with forging a check on Alex Watson of Fairmont, was arrested yesterday by Deputy Sheriff John Glover at Preston's home in Clarksburg. A hearing will be held in a few days.

LEGAL NOTICES. NOTICE OF TRUSTEE'S SALE. By virtue of a certain deed of trust executed by Virginia M. Saunders and W. M. Saunders, her husband, dated the 20th day of December, 1917, to Harry Shaw, Trustee, which is recorded in the office of the clerk of the County Court of Marion county, West Virginia in Deed of Trust Book No. 44 at page 114, (default having been made in the payment and fulfillment of the terms and stipulations therein specified and the undersigned being notified and required by the said deed of trust or beneficiary of said trust, to make sale thereunder), the undersigned, trustee, on the 22nd day of March, 1919, at the front door of the Court House of Marion county, at the hour of ten o'clock a. m., or as soon thereafter as may be, will offer for sale and will sell at public auction, to the highest bidder, all the following described real estate, that is to say:

All of that certain tract of land situate in Grant district, Marion county, West Virginia, adjoining lands of William H. AGED WOMAN SELLS WHISKY

Mrs. Clara Helmick was arrested Tuesday in Tucker county by Deputy Marshal McKinney and taken to Elkins and after a hearing was held for action of the grand jury at Wheeling. The woman is quite old and is said to have been selling whiskey from her home back in the mountains for some time. Her home is 16 miles back from the railroad in Tucker county.

Helps Sick Women

Cardui, the woman's
